“The Tongue: Powerful, Perilous, Profound,” James 3:1-12

July 16, 2017

Though but a small member of the body, the tongue is a powerful force that affects the whole course of one’s life (and ministry).

By nature, the human tongue is a perilous thing, posing dangers and risks that are greater than any posed by creatures of land, sea, or sky.

Followers of Jesus should use their tongues to bless and build up, to worship God and witness to others, and since it is from the heart that the mouth speaks, we must keep close watch over it to keep it pure.
